About Us

Shreesundram Foundation is a non-profit organization, was founded in May 2025, committed to uplifting the lives of India's most vulnerable communities. Founded with the belief that true change begins at the grassroots, we work across rural and tribal regions to create long-term impact in the areas of education, healthcare, livelihood, environment, and rural development. Our approach is deeply community-driven — we listen, we learn, and we act alongside the people we serve. Through sustainable programs and partnerships, we empower individuals with tools and opportunities to lead healthier, educated, and dignified lives.

- 5 Advisor's

In just two months,+ we went from being a group of committed individuals to a registered NGO with an operational center.
